

TRACY FAMILY FOUNDATION - VISION AND GOAL STATEMENTS

TRACY FAMILY

Vision Statement:

The Foundation will be an inspiration and source of strength for all generations of the Tracy family to participate in, derive pride from, and attach themselves.

Goals:

Family members will be involved in the foundation through grant programs, governance, educational and leadership opportunities, and family meetings.

BROWN COUNTY

Vision Statement:

The Tracy Family Foundation will play an integral role in Brown County being recognized as a magnet community. The community's strong school system, its nurturance of youth and families, and its environment of generosity and inclusiveness will create a desire in people of all ages to live, work, raise a family, and grow older in Brown County.

Goal:

Our overall Goal is to retain and attract residents to Brown County because of the first-class education system, family-friendly environment, and opportunities for youth.

REGION

Vision Statement:

The vision of the Tracy Family Foundation centers around 3 areas: K-12 Catholic schools, nonprofit capacity building, and program support for youth and families.

Our vision for K-12 Catholic schools is that they offer excellence in academics as measured against the National Catholic standards. We also envision schools filled to enrollment capacity.

Our vision for the Center for Effective Nonprofits is that it continues to exist and flourish as a resource and training center for nonprofit organizations.

Our vision in the area of youth and families is that by our support to YMCA-type facilities, PreK-12 academics, programs targeting youth development, and programs aiding the unmet needs of at-risk families, TFF will be providing the much needed financial support to organizations that offer the above services and programs.

Goals:

Our goal is to be Pro-Active and to make a positive impact within our Primary Focus Areas of: PreK-Grade 12 Catholic education; capacity building of nonprofit agencies; and community centers.

Our goal is to provide Re-Active support to our Secondary Focus Areas. Those are: Education curriculum and program support for Pre-School - Grade 12 academics; positive character, leadership, and spiritual development of youth; and unmet needs of at-risk families.
